

eBook

Desktop Instructions

Click on the link provided in the download email. You will be directed to a webpage to download your eBook. Click the green button that reads “Download” to begin the download process. You will be asked to save the file to your computer. Make sure that the file is saved in a location that you are familiar with, like your desktop. These files are large so it may take a few minutes. Once downloaded you can open the file in your PDF viewer of choice. We recommend using Adobe Reader to take advantage of all the features highlighted in the eBook User Guide.

Mobile Device (Apple iOS) Instructions

You can open .pdf documents with [Adobe Acrobat Reader](#), a free .pdf viewer in the app store. Tap the link in your digital order email to open the download in a web browser, then tap the button “Continue to website”. You will then be redirected to a page where you can see a preview of the eBook. Tap on the ellipsis in the top right corner of the screen, then tap “Download”. Once the eBook has downloaded (may take a few minutes), tap on the Share icon at the bottom of the screen. Scroll through the list of apps until you find the Adobe Acrobat Reader app, then tap on it to send the eBook there. The Adobe app will automatically open, and you should see your eBook there. This is where your eBook will be stored on your device.

Mobile Device (Android) Instructions

You can open .pdf documents with [Adobe Acrobat Reader](#), a free .pdf viewer from the Google Play Store. Tap the link in your digital order email to open the download in a web browser, then tap the button “Continue to website”. Allow the eBook to fully load (may take a few minutes), Tap on the ellipsis in the top right corner of the screen:

Once the eBook has downloaded (may take a few minutes), the Adobe app will open up and you can view your eBook. This is where your eBook will be stored on your device.

MobilePlat™
